James Walth updated the Board regarding the preconstruction meeting which was held at the Widseth, Smith, Nolting office on June 6th. Work will begin the week of July 9th with the installation of the silt fence, floatation silt curtain and traffic control signage. The silt curtain will be in the water the entire month of July. Anderson Brothers will set up temporary mailboxes for all residents on Peterson Lake Road near the Placid Drive intersection. The road work should be substantially complete by August 31, 2018. The work will be finally completed by October, 2018 (weather permitting). Monthly Special Board meetings will be held for updates on the Placid Drive reconstruction road project. James Walth was very impressed with the details of the meeting. He told the Board representatives from Anderson Brothers were very accommodating to the needs of the Township.

James Walth also updated the Board on a Minnesota Townships meeting which he attended on June 18th regarding the maintenance of gravel roads.

Steve Reilly presented to the Board the order in which the roads would be driven on and inspected.

At 8:30 am the Board left the Town Hall building to go on the Township road inspection.
